Subject: Re: FOI Request – Board-Level Records and Elected Official Communications (Edgewater Commercial Space Service, Bylaw No. 3379)

Dear Tina,

Thank you for your response.

To assist with clarity and reduce scope, I am refining the request to focus on specific, identifiable record types relating to Board-level consideration of Bylaw No. 3379.

Revised Scope

Please provide the following records:

1. Board Meeting Packages

Final Board agendas, minutes, and complete meeting packages (including attachments) for any Board meetings at which Bylaw No. 3379 or the Edgewater Commercial Space Service was considered.

2. Staff Reports to the Board

Final staff reports and presentations provided to the Board in relation to:

- * the proposed service area boundary (Schedule A)
- * inclusion of Spur Valley
- * financial considerations associated with the service

3. Electoral Area Director Communications (Targeted)

Emails to or from the Electoral Area Director (Roberta Schnider) that include the following keywords in the subject or body:

- * “Edgewater”
- * “post office”
- * “service area”
- * “Spur Valley”

Timeframe: January 1, 2024 to December 31, 2025.

This refined request is intended to capture the core records presented to the Board and a defined

subset of communications relevant to the proposed service and service area.

Please let me know if any portion of this refined request remains unclear or if further clarification would assist in processing.

Thank you for your assistance.

Sincerely,
Paul Bzeta

Hi Paul,

We have received your request. As currently drafted, the request is unclear and overly broad, and it is difficult to identify the specific records being sought. Some of the records referenced may be routinely available without the need for a formal FOI request.

The request also appears to overlap and duplicates with your previous request. The use of terms such as “all” and “any” results in an expansive scope that would benefit from clarification.

Please provide a narrowed description of the records you are seeking.

Thanks,

Hello FOI Officer at RDEK,

I am submitting a request under the Freedom of Information and Protection of Privacy Act (FIPPA) for records relating to Board-level consideration and elected official involvement in the development and advancement of the proposed Edgewater Commercial Space Service and Bylaw No. 3379.

This request is separate from, and in addition to, FOI File No. 2025-078, and is intended to obtain records specifically related to the information considered by the RDEK Board and the role of elected officials in shaping the proposed service prior to the assent vote.

Pls find our FOI form attached. Pls acknowledge receipt of this email.

Sincerely,

Paul Bzeta
